

# LORRAINE BIBEY

Lorraine was born in Surrey and spent most of her working life in London. Her creative talent and passion for painting took her to study for three years at the cutting edge art college, Central St Martins, where she gained a diploma for exhibition design. This became an invaluable asset when she joined an overseas convention and incentive company as Artistic Director.

Some 18 years have gone by since she moved to Spain. It is in the last couple that her lifetime dream of becoming an artist has materialised on canvas. Her work is very fluid, vibrant and contemporary. Her future as a well known artist is exciting.
